

# Enzyme Diane

Digestive Enzyme Supplements for EPI

While most EPI dogs do best on a low fat(below 12%) low fiber (below 4%) grain free diet this is a list of foods some EPI dogs are doing well on. Some dogs can handle more fat or fiber and may do fine with grains. Remember formulas can change which can change the amount of fat and fiber are in the product. I am not endorsing any product. This list is for reference only.

Brand Name	Blend	Manufacturer	Crude Fat% Min	Crude Fiber	Protein	Approx Price 12/12
